Tronox Alkali to Raise Off-List Prices For Animal Nutrition Products: S-Carb® and Feed-Grade Sodium Bicarbonate

STAMFORD, Conn., Oct. 21, 2016 /PRNewswire/ -- Tronox Limited (NYSE: TROX) announced today, effective immediately or as contract terms permit, its Tronox Alkali business will increase off-list prices for S-Carb® purified sodium sesquicarbonate and feed-grade sodium bicarbonate as follows:

- S-Carb® US\$7/ton FOB Westvaco, Wyo., USA
- Feed-Grade Sodium Bicarbonate US\$10/ton FOB Westvaco, Wyo., USA

This price increase is necessary to compensate for the continuing increased costs of required regulatory compliance and rising manufacturing costs at the company's Green River, Wyo., USA location.

Tronox remains committed to safely producing high-quality animal nutrition products and meeting its customers' needs as a reliable supplier.

About Tronox

Tronox Limited is a global leader in the mining, production and marketing of inorganic minerals and chemicals. The company operates two vertically integrated businesses: Tronox Titanium Dioxide (TiO₂) and Tronox Alkali. For more information, visit www.tronox.com.
